

Subsidy Request

2018 Transportation Subsidy Request Form

The Federation Board of the PRC provides for a transportation subsidy, drawn from money collected through dues paid by our Young Peoples' Societies and distributed by the host church of the convention as they see fit. The goal of the subsidy is not to make it free for you to travel to the convention, but to reduce transportation costs in situations where they are unusually high. Preference will be given to those from isolated congregations who consistently face high transportation costs. Please be aware that we may not be able to provide the full amount that you request, but will strive to assist you as we are able. This subsidy is intended for transportation costs only, meaning that you are responsible to cover the cost of your registration fee (either through fundraisers, parental contributions, or your own contributions). Please email Anna Brummel at registration@prcconvention.com if you have any questions.
